

Occupational Health and Safety

Online self-paced courses for Independent schools.

These two online, self-paced courses have been developed especially for the needs of Independent schools, whether you're looking for a general overview or have responsibility for OHS at your school.

OHS for general staff

Modules

4 (approximately 1 hour each)

Audience

Designed for staff who want to develop greater awareness of OHS policies, processes and procedures.

Cost

\$350 ISV members

\$700 non-members

Description

Gain an overview of the core legal concepts and skills required when it comes to OHS in the Victorian Independent school sector.

Participants will learn about:

- the foundations of OHS in schools
- methods for identifying hazards, assessing risks and implementing effective risk management controls
- ensuring their own mental health and safety.

OHS for experienced staff

Modules

7 (approximately 1 hour each)

Audience

Designed for staff who have responsibility for, and experience in, managing OHS policies, processes and procedures.

Cost

\$500 ISV members

\$1,000 non-members

Description

Gain a comprehensive and practical guide to OHS in the Victorian Independent school sector.

Participants will extend their understanding and knowledge of:

- responsibilities for managing occupational health and safety in schools
- preventing and responding to workplace hazards, risks and incidents
- strategies for investigating workplace incidents
- procedures to ensure a safer work environment.

Module		General staff	Experienced staff
